

**FLU VACCINE REQUIREMENTS FOR CHILDREN ATTENDING DAYCARE:**

The State of Connecticut has issued influenza vaccine requirements for children who attend day care. By January 2011, and each January 1 thereafter, children ages 6-59 months attending a child day care center, group day care center, or family day care home are required to receive at least one dose of influenza vaccine between September 1 and December 31 of the preceding year. If families do not provide proof of the vaccinations, their children will be excluded from day care programs. Families, however, can seek exemptions for medical or religious reasons.

**Flu Vaccine Administration Form**

Child's Name: \_\_\_\_\_ Date of Birth: \_\_\_\_\_
